The Planning & Development Services Department is here to assist you with your development application pursuant to the Community Development Code (CDC).

This publication outlines the Home Occupation Development Application process of the CDC and also provides the submittal requirements for such development application.

Contents of the Publication

This publication is intended to address the submittal requirements for a Home Occupation Development Application consistent with the Home Occupation Regulations. However, it is each applicant's responsibility to review the CDC and any associated regulations to ensure a full understanding of the development application process.

Development Review Process

The conduct of a business out of a home shall require the issuance of a Home Occupation Permit except for those home occupations that do not generate additional traffic or parking, such as a home office with only the dwelling unit occupant telecommuting that does not cause deliveries. In such instances no home occupation permit is required. When a home occupation development application is required, a class 1 development application shall be submitted. The class 1 development application process generally consists of the following steps:

- Step 1: If required by the Planning Division, Pre-submittal Meeting with Applicant and Planning Division**
- Step 2: Applicant Development Application Submittal**
- Step 3: Planning Division Development Application Completeness Check**
- Step 4: Planning Division Development Application Referral and Review**
- Step 5: Planning Division Follow-up Communication**
- Step 6: Applicant Plan Revisions**
- Step 7: Planning Division Action**
- Step 8: Planning Division Provides Notice of Action**
- Step 9: Effective Date of Application Decision and Appeal**
- Step 10: Length of Validity (Generally 18 Months Unless Longer Vesting)**

Development Application Submittal Requirements:

The following forms, information and plans will need to be submitted in order to have a complete development application. Situations will occur when all of the listed submittal requirements will not be required and where items not listed as submittal requirements will be required in order for the Town to have sufficient information to fully evaluate the impacts of a development application. The Planning Division is therefore authorized to determine, based on the nature of a development application, whether to waive submittal requirements or require additional submittal requirements.
