Michael Ruterbories Community Garden

The Michael Ruterbories Community Garden is an amenity that is possible because of the cooperation of Telluride Ski & Golf (it is their land), the Town of Mountain Village, The Mountain Village Housing Authority and those that tend garden plots year to year. It is gratuitous and all of us must do our part so that we can continue to provide and offer space for growing vegetables, herbs, fruit and flowers. The town has limited resources to manage and operate the garden and we ask for your cooperation in the rules and regulations listed below.

Please understand and acknowledge the following garden rules:

- The garden is open daylight hours
- Children under 12 must be accompanied by an adult
- No dogs allowed within the perimeter of the garden
- Each gardener is responsible for the maintenance and upkeep of their plot and surrounding pathways
- Garden plots must be cared for each week. If a gardener misses a week, please arrange for a friend to tend your garden
- Trash must be removed from the community garden area
- Plots should be kept free of weeds and invasive plants
- No marijuana plants are allowed to be grown
- Trellises and support should be kept at a reasonable height to avoid shading other garden plots. Plants should be kept from sprawling onto pathways and other garden plots.
- Please do not water, weed, tend or take items from another person's garden without their consent
- At the end of the season, plots are to be cleaned and cleared up by Oct. 31
- Avoid wasteful use of water
- Gardeners may pay for up to 2 plots each up until July 1
- If any plots are still unoccupied after July 1, current plot holders may pay for up to 2 additional plots. However, at the beginning of the following season, third and fourth plots will be considered vacant and will be re-assigned on a first come first served basis.

VCA maintenance staff is not responsible for the upkeep of the community garden but will, as time allows, maintain and upkeep the area within the garden on an as needed basis.

If all garden plots have not been allocated in any given year, please request to either pay for or use a garden space through the VCA office. At least one plot must be paid for in order to be given consideration to use a vacant plot during the season. If a plot is being used absent payment after talking with staff, understand that if assigned during the course of the summer, your plantings are forfeit.

Do you agree to share your contact information with other gardeners for garden-specific communication?

Yes No

I have read the Mountain Village Community Garden Rules and agree to abide by these rules and understand that failure to meet the guidelines will result in the loss of gardening privileges. I also understand that Mountain Village and its agents accept no liability for incidents which occur with this program.
