Revised 2.26.18

The Planning & Development Services Department is here to assist you with your development application pursuant to the Community Development Code (CDC).

This publication outlines the Outline MPUD Development Application process of the CDC and also provides the submittal requirements for such development applications.

Contents of the Publication

This publication is intended to address the submittal requirements for an Outline MPUD Development Application consistent with the PUD Regulations. The outline MPUD is the first of two required steps to create a MPUD as provided for in the PUD Regulations. A final MPUD application is also required in order to receive final MPUD approval from the Town Council. However, it is each applicant's responsibility to review the CDC and any associated regulations to ensure a full understanding of the development application process.

Development Review Process

Outline MPUD development applications shall be processed as a class 5 application as provided for in the CDC, with Town Council approval. After any required worksession with the DRB and/or the Town Council, the class 5 development application process generally consists of the following steps:

- Step 1: Pre-submittal Meeting with Applicant and Planning Division**
- Step 2: Applicant Development Application Submittal**
- Step 3: Planning Division Development Application Completeness Check**
- Step 4: Planning Division Development Application Referral and Review**
- Step 5: Planning Division Follow-up Communication**
- Step 6: Applicant Plan Revisions**
- Step 7: Planning Division Schedule Town Council Public Hearing**
- Step 8: Applicant Public Noticing (Minimum of 30 days prior to hearing)**
- Step 9: Planning Division Preparation of Staff Report**
- Step 10: Town Council Public Hearing(s)**
- Step 11: Town Council Action**
- Step 12: Planning Division Provides Notice of Action**
- Step 13: Effective Date of Application Decision and Appeal**
- Step 14: Length of Validity (To Be Determined by Council as a Vested Property Right)**

An outline MPUD application shall concurrently submit a rezoning development application to rezone the lot or site to the PUD Zone District, which is a Class 4 application that requires a DRB recommendation and Council approval.

The owner or developer of a MPUD may submit concurrent development applications for density transfer, subdivision and design review that are processed concurrently with the final MPUD per the applicable Development Review Procedures. If not, then the required outline MPUD development agreement shall include a requirement to submit such applications in the future in a logical, phased manner.
