7/13/17 – 10:00AM MOUNTAIN VILLAGE TOWN HALL

ATTENDEES:

FRANK HENSON (Accompanied by ANTHONY and ARMANDO of PRO SERVICES)

HENSON CONSTRUCTION

HENSEN0056@HOTMAIL.COM

970-729-0056

SITE WALK SUMMARY:

Jim Loebe met the attendees listed above at Town Hall Plaza at 10:00am. The group left Town Hall at 10:01am and rode the gondola up to the construction site. During the ride, background on the project was discussed as well as an informal review of the IFB terms.

The bidder was shown the construction site and what the expectations are for the framing details and finished look. Proposed locations for the windows to be removed were also discussed. The same information discussed during the site walk summary from 7/6/17 was relayed to Mr. Hensen and his team.

Mr. Hensen had several questions about insulation callouts on the plans, the necessity of our engineer reviewing shops for the structural steel, and about the possibility of sharing crane time. All of the items will be addressed in a Q&A summary to be posted on the town's website in the IFB section no later than the end of the day 7/17/17.

Bidders were informed that any further questions submitted after the site walk and before the end of the Q&A period would be posted on the website for all bidders to see. The meeting concluded at 11:05am.
