Mountain Village, situated in the heart of the breathtaking San Juan Mountains, was incorporated in 1995 as a home rule municipality. Its founders envisioned a European-style ski-in/ski-out, pedestrian-friendly destination resort that would complement the historic mining town of Telluride. A three-stage gondola transportation system connects the Town of Mountain Village with the Town of Telluride. Situated at 9,545 feet, Mountain Village is comparably a world apart from other resorts: it is innately spectacular, beautifully orchestrated and planned, and overflowing with style, charm and sophistication. Welcome.
