

COMMERCIAL TRASH & RECYCLING GUIDELINES

- * Recycling of aluminum, glass, plastic, paper and cardboard is mandatory in Mountain Village.
- * HOAs must have adequately-sized trash/recycling enclosures to accommodate all tenants.
- * All trash enclosures must be hidden from public view and kept clean and orderly at all times.
- * All trash enclosures must be closed and latched at all times to prevent wildlife from entering.
- * All trash and recycling containers inside the enclosure must be bear-proof.
- * Enclosures must have adequately-sized containers for trash and recycling, to prevent overflow.
- * Hazardous materials may not be stored inside the trash enclosures and must be disposed of properly, including fluorescent lights, batteries, paints, oils.
- * Construction waste must not be disposed of in trash containers.
- * Restaurant grease and fryer oils cannot be thrown in trash and must be disposed of properly and in a timely manner.
- * Complete commercial and HOA trash and recycling rules and guidelines are available online at townofmountainvillage.com/municipalcode.

RECYCLING STEPS

- ✓ Empty and rinse containers.
- ✓ Remove caps and lids.
- ✓ Remove labels from bottles and cans, if possible.
- ✓ Remove non-recyclable packing materials, such as peanuts and foam.
- ✓ Flatten boxes.
- ✓ Keep paper and cardboard together and to the side of the commingled items.

The Town of Mountain Village requires all commercial properties to recycle according to the above guidelines.
