Revised 1.3.2020

The Planning & Development Services Department is here to assist you with your development application pursuant to the Community Development Code (CDC).

This publication outlines the Voluntary Fire Mitigation, and Required Tree Removal Development Application process of the CDC and also provides the submittal requirements for such development application.

Contents of the Publication

This publication is intended to address the submittal requirements for voluntary fire mitigation, and required tree removal applications. However, it is each applicant's responsibility to review the CDC and any associated regulations to ensure a full understanding of the development application process.

Development Review Process

If there is no other development or redevelopment proposed, voluntary fire mitigation, and required tree removal applications shall be processed as a class 1 application as provided for in the CDC, with Planning Division administrative approval. If redevelopment or development are proposed, then the Fire Mitigation Regulations will be applied as a part of the required development review process as set forth in the CDC. The class 1 development application process generally consists of the following steps:

- | | |
|-----------------|---|
| Step 1: | If required by the Planning Division, Pre-submittal Meeting with Applicant and Planning Division |
| Step 2: | Applicant Development Application Submittal |
| Step 3: | Planning Division Development Application Completeness Check |
| Step 4: | Planning Division Development Application Referral and Review |
| Step 5: | Planning Division Follow-up Communication |
| Step 6: | Applicant Plan Revisions |
| Step 7: | Planning Division Action |
| Step 8: | Planning Division Provides Notice of Action |
| Step 9: | Effective Date of Application Decision and Appeal |
| Step 10: | Length of Validity (Generally 18 months unless longer vesting) |

The Planning Division will field mark trees for removal for fire mitigation for removal by a private contractor or property owner. The Planning Division will develop a list of trees to be removed for the fire mitigation. No tree four inches (4") or greater dbh located on any lot within the Town may be removed or materially altered without the prior written approval of the review authority. Subject to review and approval by the review authority trees shall only be removed from a lot for:

1. Approved development as permitted by the CDC;
2. Approved fire mitigation;
3. Approved forest management;

4. View corridors from windows provided the removal of such tree(s) is minimized;
5. Utilities provided it is not practical for the utilities to follow the driveway or other corridors where trees are being removed as allowed by this section;
6. Renewable energy systems provided it is not possible to locate such on the buildings allowed on the lot, or within areas where trees are already being removed as allowed by this section;
7. Ski area access as may be permitted by the review authority;
8. Potential damage to a structure or other constructed improvement on a lot, such as a utility line or utility meter, tramway or snowmaking equipment; and/or
9. Protection of the public health, safety or welfare.

Development Application Submittal Requirements:

The following forms, information and plans will need to be submitted in order to have a complete development application. Situations will occur when all of the listed submittal requirements will not be required and where items not listed as submittal requirements will be required in order for the Town to have sufficient information to fully evaluate the impacts of a development application. The Planning Division is therefore authorized to determine, based on the nature of a development application, whether to waive submittal requirements or require additional submittal requirements.

Submitted (Office Use)	Item No	Submittal Requirements
