Revised 1.3.2020

The Planning & Development Services Department is here to assist you with your development application pursuant to the Community Development Code (CDC).

This publication outlines the Minor PUD Amendment Development Application process of the CDC and also provides the submittal requirements for such development applications.

Contents of the Publication

This publication is intended to address the submittal requirements for a Minor PUD Amendment Development Application consistent with the PUD Regulations. A PUD amendment that is not classified as minor is considered a major amendment and shall be amended using the process to create an SPUD or MPUD, as applicable, as set forth in the PUD Regulations.

Development Review Process

Minor PUD Amendment Development Applications shall be processed as a class 1 application as provided for in the CDC, with Planning Division administrative approval. The class 1 development application process generally consists of the following steps:

- Step 1: If required by the Planning Division, Pre-submittal Meeting with Applicant and Planning Division**
- Step 2: Applicant Development Application Submittal**
- Step 3: Planning Division Development Application Completeness Check**
- Step 4: Planning Division Development Application Referral and Review**
- Step 5: Planning Division Follow-up Communication**
- Step 6: Applicant Plan Revisions**
- Step 7: Planning Division Action**
- Step 8: Planning Division Provides Notice of Action**
- Step 9: Effective Date of Application Decision and Appeal**
- Step 10: Length of Validity (6 Months)**

Development Application Submittal Requirements:

The following forms, information and plans will need to be submitted in order to have a complete development application. Situations will occur when all of the listed submittal requirements will not be required and where items not listed as submittal requirements will be required in order for the Town to have sufficient information to fully evaluate the impacts of a development application. The Planning Division is therefore authorized to determine, based on the nature of a development application, whether to waive submittal requirements or require additional submittal requirements.
