2020 **DRAFT** COVID-19 Work Plan

Business Development Advisory Committee

The COVID-19 Work Plan has been compiled as a tool to help the Business Development Advisory Committee (BDAC) plan for future potential impacts to local businesses, help with the strategic allocation of resources to aid in recovery, and guide communication around specific decisions and actions. Specific elements found within the Work Plan are intended to help identify changing business climates over time and to help target specific activities and goals to best suit issues as they evolve.

Finalizing a work program helps the Committee prioritize work. It does not mandate project completion, nor does it preclude work on other projects not identified. Having this flexibility, together with support from the Council and other stakeholders, helps the Committee best serve the community.

Typically, much more work is identified on a work program than can be accomplished in any given year. Given the complexities facing the Town of Mountain Village and the local business community, staff will work to prioritize any feasible project that is deemed effective in assisting local businesses in a fiscally responsible way.
