Allen Snow Removal and Forestry

Contact: Mark Allen

Cell: 970-729-0587

Email: plowdrivermark@yahoo.com

My name is Mark Allen and I am the owner & proprietor of Allen's snow removal and forestry services LLC. We fully licensed, insured, and have servicing the Telluride and surrounding areas since 2003. We have a team of seasoned professionals, as well as all the equipment and knowledge to tackle all scales of forestry work. Equipment includes: Chainsaws, Vermeer brush chippers, 4wd John Deere Backhoe, Caterpillar High flow skid steer, Dump Trucks, Firewood splitter/processor, Off-site disposal area. We specialize in large scale forestry projects and have completed the 4 largest trail systems in Mountain Village to date! (I encourage any future clients to view upon request), and our goal is always to leave a small footprint.

Services include:

Tree felling and removal

Brush chipping

Trail construction

Defensible space

Firebreaks

Disposal of organic material

Firewood

Free tree assessment, consultations, and project engineering

Serving Telluride for over 23 years. Please check out our website! When we do fire mitigation work, we selectively remove trees which are the biggest threat to the safety of your home. We do this with great care, keeping in mind your privacy screening, best views, health of the trees, and preserve your landscape. We utilize chips to create meandering pathways for your enjoyment. We have a commercial chipper to chip directly into our dump truck. This enables us to haul away debris free of mess and damages. We are fully licensed and insured. We are equipped with proper OSHA regulated equipment as well as the equipment to get the job done quickly. We utilize a crane to lift our chainsaw operators by basket to remove trees in sections and lower these sections by rope. This is a much safer procedure, for our crews as well as the home and landscape. It is very fast, efficient, and minimally invasive. We work under Mountain Village and Forest Service regulations. We also realize the visions that the homeowner has for their mountain home landscape. We offer different options to make it more affordable as well. Lance can be reached directly on his cell phone at (970) 729-0411. Lance is on every tree removal job, ensuring the highest quality work and safety.

Telluride Forestry Solutions

Contact: Roby Peabody
Office: 970-708-0660
Email: tellurideforestrysolutions@gmail.com

Telluride Forestry Solutions is a full-service forest health and tree removal company with deep roots in San Miguel County. The owner, Roby Peabody has been living in Telluride since 1994, and has been involved in Forestry work since 2000. We have multiple clients that we service yearly, and many clients whom we take care of on a necessity basis. Our major focus is on the health of your forest, and the wellbeing of your home.

Our services include Danger Tree Removal, Creation of Defensible Space, Wildfire Mitigation, Land Management Prescriptions, Trail Construction and Maintenance, Budworm Spraying, Spruce Beetle Prevention, and Compost Tea Application.

We are competent, licensed, and fully insured for yours and our safety. Whether you are looking for removing a single tree, or a large-scale forest management project, we have the right equipment to get the job done in a timely and professional manor. Please contact us any-time at 970-708-0660 or tellurideforestrysolutions@gmail.com.

Telluride Land and Snow removal & Telluride Land Works

Contact: Matt Alfermann or Michelle Sherry

Office: 970-728-5555

Email: office@telluridelandandsnow.com

Website: <https://telluridelandworks.com/>

Serving Telluride and surrounding areas for over 28 years, Telluride Land Works has worked felling trees, removing fuel debris from the site, and processing woody material. Telluride Land Works has completed both small and big tree removal projects in this area-ranging from the clearing of the parking structure at Mountain Market in the Village, large acreage home sites, to a single tree request. We are fully equipped from dump trucks, loaders, to excavators, large chippers and splitters.

For your safety as well as ours we are licensed and fully insured, hiring highly experienced workers to complete your next project.

We recycle garden & woody waste by composting at our farm in Norwood, our removed trees are recycled there by mulching and producing rounds, split wood and chipped mulch. The travel distance is short for this region-a low carbon footprint, and it keeps this wood product out of the landfills. Telluride Land Works and Snow Removal is also a full range landscape, design and snow removal company. We are here for your year-round needs.

Please reach out anytime by calling 970-728-5555, emailing office@telluridelandandsnow.com or visiting our website at <https://telluridelandworks.com/>
