## 2022 **DRAFT** Work Plan

### Business Development Advisory Committee

The Work Plan has been compiled as a tool to help the Business Development Advisory Committee (BDAC) plan for future potential impacts to local businesses, help with the strategic allocation of resources, identify and assist community economic drivers, and guide communication around specific decisions and actions.

**The charge to the advisory board is to provide the following:**

- Work in a coordinated fashion, respect all points-of-view and, in carrying out its duties and tasks, shall adhere to the Town's comprehensive plan as well as the values and mission of the Town of Mountain Village.
- To provide a means for dialogue between the Town and community stakeholders.
- Be knowledgeable local business, financial, or development-related individuals who have unique insights into the best ways to promote continued investment in the Town of Mountain Village.
- Review and understand the Town's current economic development incentives.
- Advise on other tools that could be used to encourage economic development opportunities.
- To promote intergovernmental and public/private cooperation on business development policies

Specific elements found within the work plan are intended to help identify changing business climates over time and to help target specific activities and goals to best suit issues as they evolve.

Finalizing a work program helps the Board prioritize work. It does not mandate project completion, nor does it preclude work on other projects not identified. Having this flexibility, together with support from the Council and other stakeholders, helps the Board best serve the community.

**Typically, much more work is identified on a work program than can be accomplished in any given year.**

Given the complexities facing the Town of Mountain Village and the local business community, staff will work to prioritize any feasible project that is deemed effective in assisting local businesses in a fiscally responsible way. If an item shifts to a direction to staff, the item will be removed from the work plan and added to staff roles and responsibilities, as shown in *Exhibit A*.

- DDA (Downtown Development Authority)**

A downtown development authority is a type of tax increment finance authority available to a township. Under tax increment financing, an authority captures a defined portion of the property tax revenues in a designated area. Typically, a DDA captures the growth in tax revenue within a designated development area for use in financing a variety of public improvements in the area, often through the issuance of bonds. The act says a municipality can create a DDA by resolution in order "to halt property value deterioration and increase property tax valuation where possible in its business district, to halt the causes of that deterioration, and to promote economic growth."

## Telluride Conference Center Problem Statements

**Work session April 19, 2022**

The BDAC committee is tasked with developing the initial problem statements in regard to the Telluride Conference Center. Lauren Gibbons, Telluride Ski and Golf's Director of Conference Center Sales, provided a strategies report (Exhibit A) to help guide the conversation. Please prepare your thoughts for discussion.

**EXHIBIT A**

**Telluride Conference Center Strategies Report

**Future Events (contracted): Next 6 Months:**

- Gondola 25th Anniversary
- Telluride Fire Protection District
- Eastern Pennsylvania Ski Council
- Flatlands Ski Association
- Retina Conference
- Texas Ski Council
- Telluride AIDS Benefit
- Carecraft
- Chicago Metro Ski Council
- Mayo Clinic
- MountainFilm
- Telluride Theatre
- Telluride Film Festival

**TCC 2022 Updates:**

- **\$395,147** already contracted for January-December 2022
  - Significant increase from FY2019 - \$190,000 in contracted revenue
- TCC Revenue in 2019 was: \$336,973. Pacing ahead of 2019 revenue despite current pandemic environment. Additional revenue opportunities for most of the already contracted groups for A/V and additional food & beverage offerings.
- No pandemic cancellations at the TCC to date- we have worked to reschedule several groups to later in 2022 and are seeing groups who have not yet contracted for 2022 and hesitant to sign given the current case levels in Telluride and nationally.

## Telluride Conference Center Strategies Report –

- Implemented new TCC pricing guide with established minimum thresholds and target ranges based on number of attendees and time of year.
- Developed a pre-event and post event profit and loss evaluation tool with TCC operations to better measure group expenses, costs, and revenue.
- Weekly business review meetings with TCC operations as we work to level-set current groups and optimize future booking potential.
- Implemented tracking system to identify trends regarding lost business reasons & revenue.
  - To date hotel rate being too high in addition to not enough hot beds available are the most common reasons for lost business.
- Re-vamping website, CVENT, HPN, Helms Briscoe online presence.
- Updating catering menus with TCC operations.
- Revamping proposal templates and information for clients that offers hotel quotes, TCC quotes, activity quotes and information on travel and destination all in one easy to navigate proposal- through one primary contact.
  - Given recent hotel price increases compared to prior years -have reverted back to multiple contacts versus the TCC relaying price increases across the board for all hotels, meeting space and food and beverage minimums.
- Driving advance commitment for corporate, association and continuing education groups farther in advance 2023/2024 and fill in short-term with local social, wholesale, or concert bookings.
  - Slightly more challenging given the pandemic and recent spikes in cases.
  - We're seeing the market hesitate on booking future years and expect more short-term demand as the climate improves.
- Evaluating all historic, repeat contracts and re-negotiating concessions in addition to locking in both rental & food & beverage minimums well in advance.
  - Emphasis on multi-year bookings like Mayo (2023, 2024 & 2025 booked in one contract).

### •Target Markets:

- Drive Market:** Local client outreach as we see trends for smaller, local, meetings continue in corporate segment.
  - o **Lack of TCC Parking-** Deterrent for day group business in Montrose, Grand Junction & Durango.
- Social:** clubs, retreats, festivals.
- Corporate:** healthcare, pharma, tech, finance, insurance, oncentive, Texas or Denver HQ,
- Education:** universities, CME/CLE
- Associations:**
  - Short-term: state and regional groups
  - Long-term: national (need more hot beds for larger meetings to consider the destination)
- Wholesale:** Successfully renegotiated and contract all 2021/2022 wholesale groups to include food and beverage and rental pricing and level set for future years

**TCC- SWOT Analysis**

STRENGTHS	WEAKNESSES
<ul style="list-style-type: none"> <li>• Desirable mountain destination Conference Center</li> <li>• Year-round outdoor experiences</li> <li>• Opportunity to sell all lines of business (one-stop-shop)</li> <li>• Partnership with Peaks on some hotel/TCC bookings for one contract versus two separate.</li> </ul>	<ul style="list-style-type: none"> <li>• Disproportionate ballroom size to room block offerings. Easily can accommodate 300-person meeting- hard to find even 100 hotel rooms to contract</li> <li>• Lack of consistent property identities or comparable hotelroom product to offer groups</li> <li>• Conference Center not attached to any lodging facility</li> <li>• Splitting up groups between lodging accommodations- doesn't speak to unity and keeping attendees centralized in one place – adds evening activity and break challenges, challenging to divide f&amp;b revenue and rental revenue across all properties and still accommodate group's meeting and flow preferences</li> <li>• Transportation cost &amp; time as well as selling against Vail's Epic Shuttles – we do not offer a one-stop shop contract concept for groups or planners</li> </ul>
OPPORTUNITIES	THREATS
<ul style="list-style-type: none"> <li>• Brand awareness / reengage strategic group marketing efforts</li> <li>• Opportunity to “grow” within the MV community (outgrow)</li> <li>• Peaks meeting space and smooth transition to TCC)</li> </ul>	<ul style="list-style-type: none"> <li>• Lost ability to manage sales of the plaza space or set pricing for groups to utilize this space outside the TCC (greatly reduces food &amp; beverage options outside of dining in the ballroom where meetings are held)</li> <li>• Pricing not competitive from transportation &amp; package standpoint against other mountain comp set destinations</li> <li>• New hotel meeting space potential in MV, similar sized ballroom with larger breakout space could make TCC redundant</li> </ul>

• Exploring the possibility of implementing a **Partnership Incentive Plan** for local hotels to sell Mountain Village as a destination and include the TCC:

- In an effort to further develop our relationships with local hotels, we suggest implementing a partnership incentive plan for the Telluride Conference Center. Given the recent rate increases at both the Madeline & Peaks Hotels, in addition to the Mountain Lodge and Bear Creek Lodge focusing primarily on the social, wedding & wholesale group markets – the most challenging aspect of selling corporate & association groups at the conference center currently is finding an affordable, 125+ hotel room nights on peak, to simultaneously contract.

None of our hotel partners are currently motivated or incentivized to cross-sell the conference center. Given Telluride’s unique location, there is an extremely limited (non-existent) day-group market and it is essential we also contract hotel room blocks to win 125+ person conferences, particularly in the corporate, association & continuing education markets.

By introducing a partnership incentive plan we hope to achieve the following:

- Increase lead volume from Telluride hotels.
  - Encourage cross-selling and partnership with the TCC.
  - Have great collaboration and open dialogue surrounding selling win-win contracts for both the TCC and Telluride hotels.
  - Similar to Keystone’s Conference Center concept– generate more largescale buyout leads across multiple hotels in Mountain Village and Telluride.
  - Drive advance commitment and multi-year contracts.
  - Focus on contracting multiple lines of business (tickets, rentals, mountain venues, shuttles & activities) – creating more value add for clients and locking in these alternate line of business (LOB) years in advance.
  - Create the opportunity to partner on the creation of a ‘one-stop’ shop contract across multiple hotels, venues & lines of business.
- **2022 Update:** Presently this initiative is on hold given the lack of hot beds available to sell to group block. Most hotels aim to balance group hotel rooms and transient hotel rooms- typically holding a group room ceiling of no higher than 50% of available hotel rooms at any point in time and this % can be reduced over peak transient/FIT dates such as vacations and holidays.
    - **Madeline-** 83 hotel rooms
      - 43 hotel rooms
    - **Peaks Hotel-**131 hotel rooms
      - 65 hotel rooms
  - With only roughly 108 hotel rooms combined- a group of that size could easily fit in these two hotels meeting space and not need the conference center space.
  - Additionally, these hotels first and foremost aim to sell their own meeting space and meet their own food & beverage minimums- before looking to expand into the conference centerspace.
  - We should be targeting 200-300 person groups for the TCC Ballroom. Another challenge is getting a group of that size to hold food & beverage functions in the hotels as well as the TCC as well as use smaller meeting spaces in both hotels.

**Top Lost Business Reasons**

<b>TCC Lost Group Revenue</b>	<b>Number of Groups listing lost reason</b>	<b>Lost Business Reason</b>
